

MA500-Series Test

MA500-Series Test

Flexible and durable encoder for
demanding applications
INCREMENTAL ENCODER Ø30 MM

Main features

- ✓ Superfast
- ✓ 10 years warranty

MA500

MA500-Series Test

Electrical Specs

Power Supply	7-35Vdc
Current Consumption	Max 40mA, without load
Output Circuit	HTL
Low Level Output Volt	<0,5 V at 20 mA load and 20°C
High Level Output Volt	Min >Vcc-2V at 20mA load and 20°C
Max Load	70 mA
Polarity Protected	✓
Transient Protected	✓

Connections

1s axial cable	radial cable
----------------	--------------

Functions

Signal	Cable 1-2	0 Volt
1	Green	Red
2	Blue	

Other

Ström	Endast 0volt
ExternPulsmätare	akrok3

Ordering Key

model	ma500
ma500	
pulserate	200
100-200	

Example

ma500 - 200
